

TRUESIGHT DAO · SUNMINT REGENERATIVE FINANCE PROGRAM

Tree Planting Support Agreement

TrueTech Inc — SunMint Tree Planting Support · CEPOTX Cooperative

1. Parties

Supporter (Payer): TrueTech Inc., a Delaware C-Corporation, EIN 88-3411514, U.S. Customs Importer of Record No. 88-341151400, with offices at 1423 Hayes Street, San Francisco, CA 94117, United States — operating the **SunMint** regenerative-finance tree-planting program of the **TrueSight DAO** (“Supporter”), represented by its President, **Gary Teh**.

Planting Partner: CEPOTX — Cooperativa Central de Produção Orgânica da Transamazônica e Xingu (CNPJ 22.568.369/0001-38), Altamira, Pará, Brazil, represented by **Jedielcio Oliveira** (“Planting Partner”).

2. Background

CEPOTX smallholder families — across five (5) family plots within the cooperative — have planted **three thousand (3,000) trees** as part of the SunMint tree-planting initiative. TrueSight DAO has witnessed these planting activities and wishes to support the families who planted them. This Agreement records the support payment and the evidence and monitoring conditions attached to it, in line with the photo-monitoring protocol published at sunmint.truesight.me.

3. Support Payment

- In consideration of the verified planting of **3,000 trees**, TrueTech Inc agrees to pay the Planting Partner **R\$ 5.00 (five Brazilian Reais) per tree — R\$ 15,000.00 (fifteen thousand Brazilian Reais)** in total — via **PIX**.
- Payment is made in respect of trees planted by the five (5) CEPOTX family plots and is conditional on the evidence and monitoring obligations in Sections 4 and 5.

4. Planting Evidence (due for each tree)

For every tree supported, the Planting Partner shall provide to the Supporter the following information:

1. **Latitude and longitude** of the planted tree;
2. **Species** of the tree;
3. **Date of planting**;
4. **Photograph of the tree as planted** (submitted as a *file* — not a compressed chat photo — so that GPS/EXIF metadata is preserved).

5. Monitoring Photographs (every six months)

Every six (6) months after planting, the Planting Partner shall provide two (2) updated photographs of each supported tree:

1. **Card-at-trunk photograph.** A photograph of the tree trunk with a visible identification card held beside the trunk, per the protocol at sunmint.truesight.me. Where the tree is too short for the standard card-at-breast-height position (height below 1.30 m), the identification card shall be held at the **trunk base / root collar**, and the tree's **total height and root-collar diameter** shall be recorded instead of diameter at breast height — following the young-tree measurement practice used by the Acorn (Rabobank) / Plan Vivo agroforestry methodology for saplings under 1.30 m.
2. **Full-tree photograph.** A photograph capturing the entire tree.

The six-month monitoring cycle continues for the lifetime of this Agreement and while the tree remains alive.

6. Payment Schedule and Conditions

Item	Condition
Initial planting evidence	Section 4 evidence for each tree (location, species, planting date, planting photo).
Ongoing monitoring	Section 5 photographs submitted every six (6) months.
Payment release	Support payment of R\$ 5.00/tree (R\$ 15,000.00 total) via PIX upon submission and acceptance of the planting evidence in Section 4.

7. Representations

- The Planting Partner represents that the 3,000 trees have been planted on the five (5) family plots within CEPOTX and that the evidence supplied is true and accurate.
- The Supporter's payment supports the families who planted the trees and does not transfer ownership of the trees or the land; the trees remain under the stewardship of the Planting Partner and the families.

8. Term, Survival and Termination

- This Agreement remains in effect while the supported trees are monitored for survival and growth, subject to the six-month reporting cycle.
- If a supported tree dies, the Planting Partner shall report this in the next monitoring submission; the Supporter may, in its discretion, continue or suspend support for replacement trees planted by the family.
- Either party may terminate this Agreement with thirty (30) days' written notice, without affecting payments already made or evidence already accepted.

9. Contact and Notices

- **Supporter / TrueTech Inc:** 1423 Hayes Street, San Francisco, CA 94117 — President, Gary Teh.
- **Planting Partner / CEPOTX:** Altamira, Pará, Brazil — Jedielcio Oliveira.

10. Signatures

IN WITNESS WHEREOF, the parties have executed this Tree Planting Support Agreement as of **4 September 2026**.
